Rules to follow when going on a business trip

It is compulsory to have a travel authorisation (OM) from your employer signed by the unit director before departure for the following reasons:

- **Establish the professional nature of the trip**
- **Justify your absence**
- **Validate professional insurance cover in the event of an accident during the trip**

If not issued before the trip, the travel authorisation has no legal validity and the traveller is not covered in the event of an accident.

You must keep the OM with you throughout the trip.

❖ Before the trip:

You must submit your travel request:

- At least **15 days** before departure for a trip within France
- At least **1 month** before departure for a trip abroad

Please note: the procedure takes longer for high-risk countries. Contact your administrator or email labri.finances@diff.u-bordeaux.fr
Consult the government website, under “Security”, for advice for each country.

Trip using funds managed by LaBRI		Trip using funds outside LaBRI	
UB or Bordeaux INP funds	Travel request on Gemilab, regardless of your employer	**Employer: UB or Bordeaux INP**	Travel request with no expenses claimed on Gemilab
CNRS funds	Travel request on Etamine, regardless of your employer (see the CNRS tutorials)	**Employer: CNRS**	Travel request with no expenses claimed on Etamine (see the CNRS tutorials)

For your first trip using the Etamine/Notilus/Goëllet system, you must update and synchronise your profile on Notilus; otherwise, the travel request will fail.

If you do not know which institution your trip falls under (CNRS, Université de Bordeaux or Bordeaux INP), contact labri.finances@diff.u-bordeaux.fr.

❖ Travel booking:

Regardless of the supervising institution, it is **compulsory** to use the contracted booking arrangements to book train or plane tickets or hotel rooms for trips within France and abroad. **The supervising institutions reserve the right to refuse reimbursement if booking outside these arrangements is not justified.**
